Puttur, Karnataka - 574201, India

Summary

Motivated MCA student with strong skills in programming, problem-solving, and web development. Passionate about building real-world applications and eager to contribute to organizational growth while continuously learning new technologies. Quick learner with the ability to adapt to new environments and work effectively in teams.

Education

Vivekananda College of Engineering and Technology Master of Computer Applications (MCA)	2025 – Present Puttur, India
Vivekananda Degree College Bachelor of Computer Applications (BCA) CGPA: 7.69	May 2022 – May 2025 Puttur, India
Vivekananda PU College Pre-University Education Grade: 72%	March 2022 Puttur, India

Projects

CipherX - Personal Data Privacy Analyzer

Developed a privacy-first platform to detect and protect sensitive information before sharing files. Implemented smart data detection and OCR to identify confidential data (e.g., Aadhaar, PAN) in documents and images, providing real-time risk alerts and selective data masking.

Weather Prediction System

Developed a weather prediction dashboard using Python, Flask, and Machine Learning models (Random Forest, Linear Regression). Implemented weather classification and iterative 7-day forecasts. Created an interactive frontend with Chart.js to display trend charts, smart alerts, and actionable insights based on predictions.

Hire Lens - Resume Parsing & Matching System

Developed an intelligent web application that automates the analysis of resumes to streamline the hiring process. Implemented features to automatically parse resumes, extract relevant skills, and calculate candidate matching scores against job descriptions.

Skills

Languages:	Java, Python, C, HTML, JavaScript, PHP
Tools:	Git, GitHub, VS Code, XAMPP
Database:	MongoDB, MySQL
Soft Skills:	Problem Solving, Communication, Teamwork

Coursework

Data Structures & Algorithms (Java)	Udemy
Data Analyst	Simplilearn
Introduction to Cyber Security	Simplilearn
Research Methodologies and IPR	VTU

Achievements

- Runner-Up at Hackathon organized by The Web People, Puttur
- Participated in Core Unleashed Hackathon 2026, organized by IEEE VCET and CodeZyng, gaining experience in real-world problem solving and collaborative development
- Secured prizes twice in college-level quiz competitions

Additional Information

Languages:	English, Kannada, Hindi, Tulu
Interests:	Competitive Programming, Web Development
